

Safety 1st

Safety Plan

Types of Written Safety Plans In Place

- Accident Reporting and Investigation Plan
- Control of Hazardous Energy (Lock-out Tag-out)
- Corporate Safety Policies
- Electrical Safety Plan
- Emergency Action/Fire Prevention Plan
- Emergency Response Plan
- Hazard Assessment
- Hazard Communication
- Housekeeping
- Medical Surveillance/First Aid
- Personal Protective Equipment
- Workplace Security Plan
- Jobsite Inspection Checklist

Front line Employee Training

To ensure front line employees and sub contractors are safe, the requirements for working in the field are:

- Lift training
- WHIMIS
- POST
- Fall Arrest
- API
- Weekly safety bulletins and talks
- Monthly Toolbox talks
- Barricading Rules

Action Plan for Continued Safety

To accomplish the goals laid out in the Camacc Systems Safety Policy, daily, weekly, monthly and yearly action items have been put in place.

Daily:

- Daily Safe work permits, JSA's, on site LMRA testing
- Tech Support conducting LMRA testing every time a technician or sub contractor calls
- Daily checklists must be filled out by all technicians and submitted to supervisor
- Camacc Safety bulletins sent to all technicians and sub contractors if any near miss or incident is reported

- LMRA testing by regional management of techs and sub contractors, minimum 3 per week

Weekly:

- All safety paperwork reviewed by supervisor
- 3rd party and Camacc safety audits of job sites, 2 per week per region
- Near Miss reporting
- Daily safe work permit and JSA spot checks

Monthly:

- LMRA testing results tabulated and results analyzed
- Monthly regional management and National safety team conference call
- Toolbox talks from all offices and subcontractors
- 6 month and 1 year full vehicle audits for safety equipment and paperwork
- Constant updates to the Camacc installation manual with safety tips if new one arise for a particular task, circulated as addendum
- Random vehicle inspection for paper work, safety equipment, and PPE both Camacc Systems vans, and sub contractors

Monthly Deliverables

- Toolbox Signoffs from all offices and sub contractors
- LMRA totals per region and total for Camacc
- Completed safety audits per region and total
- Near miss reports
- Addendums and changes
